

About Project

Techstack used: Nodejs, React, Express, mongodb, mongoose (MERN)

Login Methods:

By Username & Password:

A screenshot of a web application's login page. The page has a dark background. In the top left corner, the text "FilterPixel" is displayed in a light color. In the top right corner, there is a link labeled "SignUp". The main content area features two input fields: the first is labeled "Email" and the second is labeled "Password". The "Password" field includes a small eye icon on its right side, indicating a toggle for password visibility. Below these fields is a "Sign In" button. Underneath the button is a separator consisting of a dashed line followed by the text "OR" and another dashed line. At the bottom of the visible form area is a link labeled "Google Login".
